## Healthcare Management Technology Degree

The Healthcare Management Technology program prepares students for a variety of positions in the healthcare environment. Graduates of the program generally work in positions such as office managers, departmental supervisors/managers, admissions coordinators, front office/clerical positions, medical billers/coders, and medical records clerks, and may work in hospitals, clinics, physicians' offices, long term care facilities, insurance companies, or managed care organizations. All of the courses are offered online, which provides an excellent opportunity for individuals currently working in the healthcare environment to upgrade their skills and knowledge. Graduates of the program receive a Healthcare Management Technology Associate of Applied Science degree. This program is offered by the Healthcare Management (HMT) department.

### Availability

Students are accepted every quarter based on course and space availability. This program offers day, evening, and online classes at the Oakwood campus. The core classes can be completed in class or online. The Healthcare Management classes are only available online.

### Program Costs

[Click here](#) to view program costs.

### Financial Aid

Students in this program may be eligible for the HOPE Scholarship and the Pell Grant.

### Requirements

- Applicant must be at least 16 years of age.
- High school diploma or GED is required prior to admission.  
*Official transcripts or GED scores must be submitted from all colleges and/or high schools attended for credit.*
- Take the ASSET placement test or submit SAT, ACT, CPE or COMPASS test scores.  
*All tests must have been taken within five (5) years of application for admission.*
- For technology requirements for online courses, click on [Technology Requirements](#).
