Fire Science Technology Degree

The Fire Science program is a sequence of courses designed to prepare fire service personnel at all levels to become better officers and leaders. The program provides learning opportunities which introduce, develop, and reinforce academic and occupational knowledge, skills, and attitudes required for job acquisition, retention, and advancement. Additionally, the program provides opportunities to retrain and upgrade present knowledge and skills. Completion of the program of study leads to a Fire Science Associate of Applied Science degree. This program is offered by the Fire Science Technology (FSC) department.

Availability

Students are accepted every quarter based on course and space availability. This program offers day, evening and online classes at the Oakwood Campus.

Program Costs
