Instructions for viewing HOPE Paid-Hours

Students can view the number of hours for which they received payment for the HOPE Grant, HOPE Scholarship & ACCEL programs by going to the link posted below.

www.gacollege411.org

1) Click on Sign In
   a) Account Name
   b) Password

** If this is your first time on gacollege411 – You will be required to create an account

2) Once you have signed in or created an account – Click on the Financial Aid Planning tab

3) On the right side of the screen, In the Quicklinks box – select Scholarship and Grant Status/Information

4) Select Scholarships and Grant
   Scroll to the bottom of the Student Scholarship/Grant Award History Page to view the Program Cap Hours.

The hours for which a student received payment are displayed and a total provided. These hours are converted by GSFC to both semester and quarter hours. The number of paid-hours displayed on this screen is derived from information currently available to GSFC. This data is refreshed every 24 hours, so it is subject to change as they receive updated information.

Students should make careful course selections so that they can complete their program of study with HOPE funding. It is important to remember that courses registered for and dropped on or after the drop/add period of the semester will count toward the HOPE paid-Hours limit.

Students are responsible for monitoring their HOPE Paid-Hours
