Online Articles from GALILEO:

The following databases are available from LTC computers or from outside the library for LTC students by password. Pick up a student password each quarter in any LTC campus library, or email the librarian for the password.

Go to: **START YOUR RESEARCH HERE** from the Library web page

[Academic Search Complete](#)

A multi-disciplinary database, with more than 6,100 full-text periodicals, including more than 5,100 peer-reviewed journals.

Research Library

Provides one-stop access to a wide range of popular academic subjects and includes full-text access for thousands of titles, including scholarly journals, trade publications, magazines, and newspapers.

Environment Complete

offers deep coverage in applicable areas of agriculture, ecosystem ecology, energy, renewable energy sources, natural resources, marine and freshwater science, geography, pollution and waste management, environmental technology, environmental law, public policy, social impacts, urban planning, and more.

Science and Technology Collection

Contains more than 830 full-text journals covering relevant aspects of the scientific and technical community. In addition to full text, this database offers indexing and abstracts for more than 1,740 journals.

National Science digital Library (NSDL)

Created by the National Science Foundation to provide organized access to high quality resources and tools that support innovations in teaching and learning at all levels of science, technology, engineering, and mathematics education.

NetLibrary

NetLibrary provides access to your library's eBooks. eBooks are the digital version of books, and journals. You can access your library's eBooks 24 hours a days, seven days a week.

For Scholarly journals, choose "Peer Reviewed" on the search screen

Videos

DVDs, CDs, and videos are available for use inside the Media Center or classroom.
