Dear Student:
Lanier Technical College uses a selective admission process to enroll students for the Radiologic Technology Program.

NOTE: The Test of Essential Academic Skills (TEAS) Allied Health Entrance Test is now required for all applicants. The TEAS as normed for Allied Health programs was formerly called the Health Occupations Basic Entrance Test (HOBET). This test will be referred to as the ATI TEAS VI Test.

The following criteria must be met for selection for the Radiologic Technology Program:

1). Completion of 8 core (pre-requisite) classes.

Selected students must have a current CPR/Health Care Provider certification card through the American Heart Association (BLS for Healthcare Providers). Required before starting degree program which starts in August of each year.

2) New students who are preparing for the rad tech program will be initially admitted into the Interdisciplinary Studies Degree (pre-rad) program in order to complete the required developmental and/or core courses for their program of study. Students must submit a completed Application for Selection by May 20 each year. Application forms are only available at information sessions in the spring.

The program selects the top 20 applicants each year based on GPA of 8 core classes and ATI TEAS VI Test score. Students must score a minimum composite score of 70% on the TEAs test to be considered for the program.

3) Students must take the ATI TEAS VI Test before applying for the program. See Radiologic Technology Website link: http://www.laniertech.edu/AcademicPrograms/LTCPrograms.aspx?id=62 for information about information sessions/application forms and ATI TEAS VI Test.

There is a $91.00 fee required to take the test. The test may be taken more than once, but a fee is charged for each test taken. Students will not be allowed to take the test more than two (2) times per year, and test scores will be obsolete after five years.

Students are encouraged to shadow (observe a radiology department) for at least half a day. This will help an applicant decided if this profession is the right fit for their career goals.

Transfer students must submit a transfer of credit evaluation form to the Registrar’s Office. Transfer of credit will not be done on the day of registration.
Use the following link to sign up for the next ATI TEAS VI Test:

You must present a photo ID at the testing session in order to be allowed to test. No Transfers or Refunds allowed. Scores from tests taken at other institutions must be sent by the testing service (ATI) to Lanier Technical College.

For more information concerning the Radiologic Technology Program selection process, please contact Bob Wells at (770) 535-5928.

If a physical handicap or learning disability prevents you from taking the exam under standard conditions, you may request special testing arrangements by contacting Joan Ivey at least four weeks before the desired test date at 770.533.6995 or jivey@laniertech.edu.

You may purchase a study book called ATI TEAS VI Test Study Manual for $50 and/or ATI TEAS VI Test Online Practice Test for $46 from www.atialliedhealth.com, or in the Lanier Tech Bookstore.
