How To Enroll

1. Complete an application. Apply online or obtain an Application for Admission at any of our five campus locations in Oakwood, Cumming, Winder, Commerce, or Dawsonville.

2. Submit the one-time, $15 non-refundable application fee.

3. Take our college placement exam. Find out when and where the ASSET or COMPASS Test can be taken by calling any of our campus locations. If you have taken the SAT, ACT, or COMPASS, submit those scores in place of taking the ASSET or COMPASS Test. These scores may be accepted, provided they are no more than five years old.

4. Submit your transcripts. Send an official copy of your high school transcript or official GED scores to the Admissions Office. Transcript Request Forms can be found online or at any of our campus locations. Submit an official copy of all college transcripts to the Admissions Office. Transcripts from all colleges attended for credit must be submitted.

5. You will be notified by mail of your acceptance into a program. You will be informed of a time and date to report for registration. Some programs may not accept new students every semester.
