Dear Dr. Perren:

Thank you for your letter of March 19, 2014, notifying SACSCOC of your intention to implement a new Technical Certificate of Advanced Fire Administration, effective August 2014. The new program will be offered at the Oakwood Campus.

Lanier Technical College offers a number of degrees, diplomas, and certificates in the Fire Science field. Only two new courses will be required to implement the Advanced Fire Administration certificate. Since the new program is similar to several approved programs, it does not represent a significant departure from existing programs. **We acknowledge this information and will add it to the file.**

Best regards,
