Dear Mr. McDonald:

Thank you for submitting the following substantive change:

Substantive change:

**Program Closure**

**Technical Certificate of Credit (TCC) in Basic Marine Servicing**

Submission date:

**6/30/2022**

Intended Implementation date:

**6/30/2022**

Case ID:

**SC019039**

As noted, the institution did not launch the program or enroll students. As no students enrolled in the program, there are no students to notify of the closure.

The program was a technical certificate within the Marine Engine Technology program group. The Academic Dean of Applied Technology and Transportation informed the program director over Marine Engine Technology of the closure (verified by email January 10, 2023). Faculty will continue to teach in the two academic awards remaining in the Marine Engine Technology program group. Impacted staff were informed of the closure by the Vice President of Student Affairs via email.

**The Board of Trustees of the Southern Association of Colleges and Schools Commission on Colleges approves the closure of the Technical Certificate of Credit (TCC) in Basic Marine Servicing.**

Should you need assistance, please contact Dr. Denise Y. Young at (404) 492-5386 or via email at [dyoung@sacscoc.org](mailto:dyoung@sacscoc.org).
