

June 20, 2018

Dr. Belle Wheelan
Southern Association of Colleges and Schools
Commission on Colleges
1866 Southern Lane
Decatur, GA 30033

Dear Dr. Wheelan:

Enclosed please find two USB drives containing a prospectus and supporting documentation seeking the Commission's approval for Lanier Technical College to offer a technical certificate of credit program in Central Sterile Supply Processing Technician at our Hall County campus beginning January 2019.

This program will be offered by our existing and approved Surgical Technology department, but it does not consist of embedded curriculum: it is a stand-alone award that allows students to obtain a credential qualifying them to work as entry-level technicians in the surgical technology field.

The prospectus and an electronic copy of the cover sheet are provided in the top level of the drives; supporting documentation is provided in the folder labeled Appendices. All documents are in PDF format, and the drive is not password protected.

Should you have any questions, please contact our Accreditation Liaison, Dr. Joanne Tolleson, at jtolleso@laniertech.edu or (678) 341-6640.

Sincerely,

Dr. Ray Perren, President
Lanier Technical College
