Office of the President

Dr. Belle Wheelan
Southern Association of Colleges and Schools
Commission on Colleges
1866 Southern Lane
Decatur, GA 30033

Dear Dr. Wheelan:

Please be advised that Lanier Technical College plans to offer a new technical certificate of credit program –Substation Engineering Technician – at our main campus in Hall County, beginning fall 2019.

The site was approved by the Commission in fall 2018 and opened for operations in January 2019. The Substation Engineering Technician TCC program is to be offered within our Electrical Utilities Technology department. The new TCC program consists of 76.5% existing curriculum and 23.5% new coursework. Thus this is not, in our view, a substantive change.

Please respond with a letter indicating the Commission's judgment regarding Lanier Technical College offering this program expansion.

Should you have any questions, please contact our Accreditation Liaison, Dr. Joanne Tolleson, at jtolleso@laniertech.edu or (678) 341-6640.

Sincerely,

D. Ray Perren, D.S.L.
President
