November 27, 2017

Dr. Belle Wheelan
Southern Association of Colleges and Schools
Commission on Colleges
1866 Southern Lane
Decatur, GA 30033

Dear Dr. Wheelan:

Please be informed that Lanier Technical College plans to offer two new technical certificate of credit programs at its Oakwood and Barrow campuses, beginning January 2018.

- Engineering Basics (20 semester credit hours)
- Engineering Technology Fundamentals (13 semester credit hours)

Both of the new programs are repackaging of existing curricula: 100% of the proposed programs can be completed with courses currently offered through Lanier Technical College's Engineering Technology and Drafting Technology AAS degree programs. No additional faculty, equipment, or library resources will be required to deliver these programs.

Please respond with a letter indicating the Commission's judgment regarding Lanier Technical College offering this program expansion.

Should you have any questions, please contact our Accreditation Liaison, Dr. Joanne Tolleson, at jtolleso@laniertech.edu or (678) 341-6640.

Sincerely,

A handwritten signature in blue ink that reads "D. Ray Perren".

D. Ray Perren, D.S.L.
