Dear Dr. Perren:

Thank you for your letter of November 13, 2017, providing notification that the existing A.A.S. degree program in Engineering Technology will be offered at the approved Barrow Campus, effective January 2018.

The program is an existing program currently offered at the College's Oakwood main campus. Because the program is an existing program and the Barrow Campus is an approved off-campus site, adding an additional approved program at the site requires no notification or approval.

We acknowledge the information and will add it to our files.

Best regards,

Kevin W. Sightler, Ph.D.
