December 10, 2020

Dr. Belle Wheelan
Southern Association of Colleges and Schools
Commission on Colleges
1866 Southern Lane
Decatur, GA 30033

Dear Dr. Wheelan:

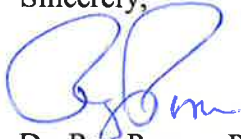

Enclosed please find two USB drives containing a prospectus and supporting documentation seeking the Commission's approval for Lanier Technical College to offer a technical certificate of credit program in Data Analytics at our Hall County campus beginning fall 2021.

This program will be offered by our existing and approved Health Information department, but it does not consist of embedded curriculum: it is an "add on" award that allows working health information professionals to improve their skills and credentials in order to advance in their profession.

The prospectus and an electronic copy of the cover sheet are provided in the top level of the drives; supporting documentation is provided in the folder labeled Appendices. All documents are in PDF format, and the drive is not password protected.

Should you have any questions, please contact our Accreditation Liaison, Dr. Joanne Tolleson, at jtollerso@laniertech.edu or (678) 341-6640.

Sincerely,

Dr. Ray Perren, President
Lanier Technical College
