December 18, 2017

Dr. Belle Wheelan
Southern Association of Colleges and Schools
Commission on Colleges
1866 Southern Lane
Decatur, GA 30033

Dear Dr. Wheelan:

Enclosed please find two thumb drives containing a prospectus and supporting documentation seeking the Commission's approval for Lanier Technical College offering its Basic Shielded Metal Arc Welder technical certificate of credit program at the Jackson County Correctional Institute, with classes planned to begin August 2018.

The correctional institute is a new site for Lanier Technical College. By partnering with the Georgia Department of Corrections, Lanier Technical College will not only be pursuing its mission of workforce development, but also improving quality of life for residents in the college's service delivery area by providing inmates with valuable job skills that will facilitate their re-entry into society.

The prospectus and an electronic copy of the cover sheet are provided in the top level of the drives, and supporting documentation is provided in the folder labeled Appendices. All documents are in PDF format, and the drive is not password protected.

Should you have any questions, please contact our Accreditation Liaison, Dr. Joanne Tolleson, at jtolleso@laniertech.edu or (678) 341-6640.

Sincerely,

D. Ray Perren, D.S.L.
President
