Lanier Technical College has decided to close five Technical Certificate programs, effective May 2020. The programs are: Advanced Fire Administration, Crime Scene Investigation, Industrial Truck (Forklift) Maintenance and Repair, Photographer, and Video Production. No students were enrolled in any of the programs, therefore; none will be impacted by the closures. Faculty will be unaffected as well. The closures were approved by the State Board of the Technical College System of Georgia in December 2019.

**The Board of Trustees of the Southern Association of Colleges and Schools Commission on Colleges approves the closure of the Technical Certificate programs in Advanced Fire Administration; Crime Scene Investigation; Industrial Truck (Forklift) Maintenance and Repair; Photographer; and Video Production.**
