

2024-2025
Dual Enrollment
Welding Program Pathway
DAWSON CAMPUS

Jump start your career in Welding at our Dawson Campus and earn your Basic Shielded Metal Arc & Gas Metal Arc Welder Certificates

Fall and Spring: Classes will be Monday-Thursday, 7:30 AM-8:45 AM
Days and times will vary for Summer semester

Fall 1
WELD 1000
(4 Hours)

Spring 1
WELD 1010
(4 Hours)

Summer*
WELD 1110 (4 Hours)
WELD 1030 (4 Hours)
WELD 1090 (4 Hours)

Fall 2
WELD 1040
(4 Hours)

Spring 2
WELD 1090
(4 Hours)

A Lottery Process Will be Utilized to Select 10 Students Each Fall

Important Information to Consider:

- Students will be required to purchase basic tools & personal protective equipment (PPE) not covered by Dual Enrollment funding. The cost range is from \$400 to \$700
- Students must provide their own transportation to the LTC Campus
- Students must complete a LTC Dual Enrollment application and apply for one of the Welding Programs listed above
- Deadline to apply for this program and have all admissions information complete is April 1, 2024, to be considered in the Welding Program Pathway Lottery at Dawson Campus

*Opportunity to earn additional certificates if courses are taken in the summer

Equal Opportunity Institution

Dual Enrollment - Dawson Welding Course Lottery (Dawson Campus Only)

Students MUST, to be considered in the course lottery, complete the following items by
April 1, 2024

- Students must commit to the course pathway and class times for DE students as presented via the pathway program flyer for Dawson Campus. Any other course variations will not be granted
- Students must complete the LTC application for admissions for Fall Semester 2024, for one of the certificate welding programs on our website. [Lanier Technical College - Welding and Joining Technology \(smartcatalogiq.com\)](https://www.lanier.edu/welding)
- Students must ensure their in-progress high school transcript, placement requirements, residency (if Self/Split/HOPE paying), or any other item required for the application to be complete is submitted, as requested. You can check your Admissions Portal checklist here: [Lanier Technical College \(site.com\)](https://www.lanier.edu)
- Students must complete their GAFutures Dual Enrollment Funding application, and parents/guardians must also complete with parent/guardian signature. You may check your status here: [GAFutures.org](https://www.gafutures.org) | [Georgia Student Finance Commission](https://www.gafutures.org)
- Students must be registered for Selective Service if 18 years of age or within 30 days of their 18th birthday
- Students must be in good standing at the college and not be on academic dismissal or financial aid suspension

Course Pathway Lottery Information

- Ten (10) seats are available. After ten seats are pulled, a waitlist will be started beginning with number eleven (11) through the entire list of applicants
- Acceptance to the program does not guarantee you will be selected for the course pathway, rather, it will allow you to be entered into the course pathway lottery
- ONLY students whose application requirements above are met, and are deemed accepted, will be entered into the course pathway lottery
- Lottery drawing will be conducted on April 3, 2024, and we will notify each student of their seat number once the drawing is complete
