

**ARTICULATION AGREEMENT
FOR THE FIRE AND EMERGENCY SERVICES ADMINISTRATION PROGRAM**

Between

East Georgia State College and Lanier Technical College

This joint agreement is entered into between Lanier Technical College (LTC) and East Georgia State College (EGSC) in order to facilitate the process for the transfer of credit between institutions, continue educational progress toward the completion of an approved degree program, and to minimize or avoid the loss of credit previously earned by a student who transfers to another institution. This agreement reflects a commitment by both institutions to facilitate the transfer of credits earned in the Associate of Applied Science degree in Fire Science Technology who are accepted as candidates for the Bachelor of Arts in Fire and Emergency Services Administration at East Georgia State College.

1. EGSC will accept general education core courses (required grade of "C" or better) for transfer as specified in the articulation agreement between the University System of Georgia and accredited colleges of the Technical College System of Georgia (See Exhibit "B").
2. EGSC will accept for transfer those courses listed on Exhibit "A" attached to this document (required grade of "C" or better). These are courses in the Associate of Applied Science Degree in Fire Science Technology program and will be credited toward the Bachelor of Arts degree as indicated on this attachment.
3. LTC agrees to provide documentation for any course being allowed for transfer, demonstrating that the course is comprised of degree level content with learning outcomes comparable to a transfer level course.
4. LTC will ensure that all courses shall be taught by competent faculty who are eligible to teach at the collegiate level as determined by LTC's faculty qualification criteria and possess the credentials required by the Southern Association of Colleges and Schools – Commission on Colleges (SACS-COC).
5. Of the 40 semester hours immediately preceding graduation, at least 30 must be taken at EGSC. Any student admitted to EGSC for the final year must be enrolled for two consecutive semesters and complete 30 hours, including 21 hours of upper division course work in the major.

6. All other EGSC and University System of Georgia requirements for graduation must be satisfied.
7. The course list on Exhibit "A" may be amended by written agreement of the parties.
8. If LTC's fire science course titles and course numbers referenced in this agreement are subsequently replaced with comparable fire science courses, then EGSC will accept the replacement courses.
9. The program directors from each institution will assess the program annually so as to continually improve the program. A report of assessment and recommendations for improvement will be provided to the Dean of the School of Social Science at EGSC, and the equivalent officials at LTC.
10. East Georgia State College and Lanier Technical College agree to cooperate in communicating with each other concerning the articulation relationship between the two institutions. Communication may include common publications and announcements concerning their affiliation. Announcements of this articulation, and of changes in the relationship, will have a coordinated release to the public from both institutions. The Institutions will encourage the dissemination of information about programs in this agreement with interested and qualified students, with both institutions providing advising and counseling to prospective students.
11. This Articulation Agreement is subject to change or modification upon mutual written consent between the parties hereto. It is understood and agreed that this Articulation Agreement may be modified unilaterally by East Georgia State College as may be necessary to bring it within the purview of and in accord with the directives of the Chancellor of the University System of Georgia, the policies of the Board of Regents of the University System of Georgia, or SACS-COC.

12. This Articulation Agreement may be terminated by either party upon written notice to the other party given at least one year in advance of such termination date. However, in this case, it is understood and agreed that any student participating in the program at East Georgia State College will be allowed to complete program notwithstanding the termination provision above, so long as the student remains in good academic standing and is making measured progress towards completion of a degree program.

This 6th day of March, 2017.
