

# MMO MONTHLY

## Lanier Tech's QEP Newsletter

### In this issue:

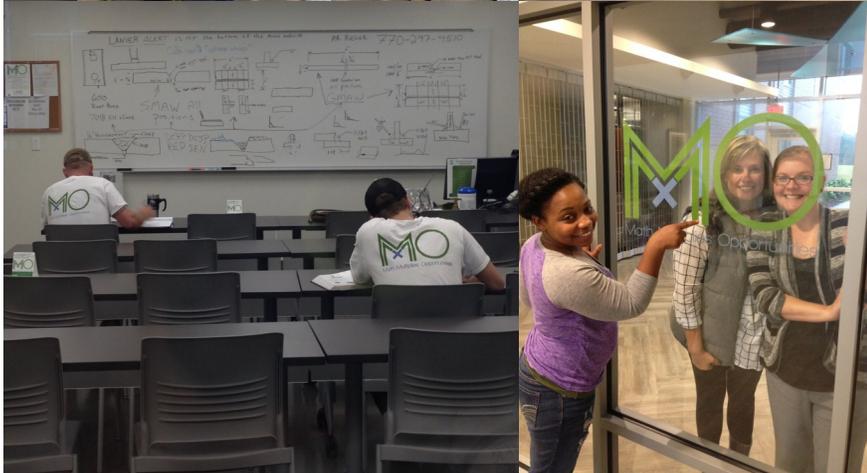

- Pilot Classes Begin January, 2016!
- MMO Spirit Day!
- Southern Association of College and Schools Commission on Colleges (SACSCOC) Reaffirmation Visit is a Great Success!

### Pilot Classes Begin January, 2016!

Registration Day for new students took place on Tuesday, December 8, 2015. This was the first opportunity for students and advisors to add the new redesigned math learning support pilot courses to student schedules.

At the time of this newsletter's publication, over 30 new students have registered for MATH 0090A, MATH 0090B, and MATH 0090Q. We are eager to launch the new curriculum and give students the opportunity to complete their learning support requirements in this exciting program.

There are additional seats available in these pilot courses. New students should visit their advisors to discuss their course schedules prior to the start of spring semester.

## MMO Spirit Day!

*Students, Faculty, and Staff at the Barrow, Forsyth, and Oakwood campuses participated in MMO Spirit Day last month.*

*What an exciting day, filled with energy and enthusiasm for the Quality Enhancement Plan, Math Multiplies Opportunities!*

### **Southern Association of College and Schools Commission on Colleges (SACSCOC) Reaffirmation Visit is a Great Success!**

The SACSCOC Reaffirmation Committee visited Lanier Tech in November and had great things to say about LTC's Compliance Certification. The Committee was extremely impressed with the work done on the QEP, however believes that more development is needed on the assessment section of the plan by more clearly identifying student outcomes.

The QEP Implementation Team will focus on this work as we prepare to submit the revised QEP in March. In the meantime, pilot classes will begin in January as originally planned.
