MMO and Movie Night

Come to the Lanier Tech Movie Night Under The Stars on Thursday, June 30, 2016 at 7:30 pm at the Oakwood Campus!

Visit the MMO table while you're there to learn about the Math Multiplies Opportunities Program and get free MMO stuff! You don't want to miss out.

Quality Enhancement Plan Director is Appointed!

Susan Baker has been appointed Lanier Technical College's Quality Enhancement Plan Director. A math instructor for 25 years, Mrs. Baker brings to her new position a wealth of experience and knowledge. Her education includes a Bachelor of Arts Degree in Mathematics with a minor in Secondary Education from Tennessee's King College. She also graduated with a Master of Arts Degree in Adult Education from Tusculum College in Tennessee. In addition, Mrs. Baker earned 18 graduate hours in Math, and an additional 12 graduate hours in curriculum and instruction.

Having served the Lanier Tech community since 2005, Mrs. Baker loves being a teacher and she loves math! When asked what she most likes about math, Mrs. Baker replied, "Math is everywhere, in everything we do!" She also genuinely cares about her students and the success of Lanier Tech's Math Multiplies Opportunities Program. "To see our Math Multiplies Opportunities QEP help students to be successful" and "for students to say that the learning support classes at LTC helped them to understand and enjoy math" are Mrs. Baker's goals as she takes on the role of QEP Director.

Did you know Mrs. Baker has taught over 3000 students?! These include students that were married to each other, students that later were married, siblings, and the children of previous students. She states, "It has all been fun."

Have you learned math from Mrs. Baker? If yes, we're sure you'll agree that Lanier Tech students are lucky to have Mrs. Baker as a math teacher. If not, don't worry! She will still be teaching classes in addition to her new role as QEP Director.

Congratulations Susan Baker!

Simple Interest!

Last month we asked you this question:

You are starting your own small business in Dawsonville. You borrow \$10,000 from the bank at a 9% rate for 5 years. Find the interest you will pay on this loan.

Example borrowed from: http://www.cnm.edu/depts/tutoring/tlc/res/accuplacer/9_Math_550_Simple_Interest_Problems.pdf

WHO ARE LTC's SIMPLE INTEREST EXPERTS?

Congratulations!

Leisa Hudson

Yuan Kuang Chin

Charles Walls

Jessica Riley
