

The Math Connection

Lanier Tech's QEP Newsletter – Summer 2022

The Library Partners with The Student Success Center

The Student Success Center (SSC) is open for summer semester! The SSC offers Lanier Tech. students free tutoring in Anatomy and Physiology, Chemistry, Math, Physics, COMP 1000, and writing - online or face-to-face. Students can also make face-to-face or online appointments with our LTC librarians.

Students can use the online platform to make virtual and live appointments, but students are always welcome to “walk-in” at the Student Success Centers at Hall, Forsyth, and Barrow campuses, as well as the libraries at all campuses.

Tutoring is not just for students who may find a course challenging, it is also for those students who wish to maximize their study time, for those who want to develop solid study habits, and for those who would like to turn a good grade into an excellent grade!

For more information and/or to schedule an appointment – click the link:
<https://tutoring.laniertech.edu/>

**See the SSC tutoring schedule on the following page.*

What LTC Students Are Saying About SSC Tutoring

“I would not be able to do my math homework without some extra help! “

“She [the tutor] really takes the time to go through each topic and elaborate on it. I'm using her help to broaden my perspective on A&P since the time is limited in class. I feel like she helps me see what I'm looking at better and gives me better ways to study.”

“I enjoyed my time with Jenna and the rest of the tutors. It was really helpful in perfecting my English paper, and I appreciate that immensely. I'll be sure to sign up for more tutoring sessions in the future!”

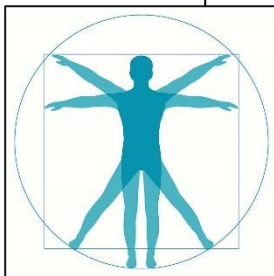

Anatomy & Physiology Fun!

Question: What is the function of the arrector pili muscle?

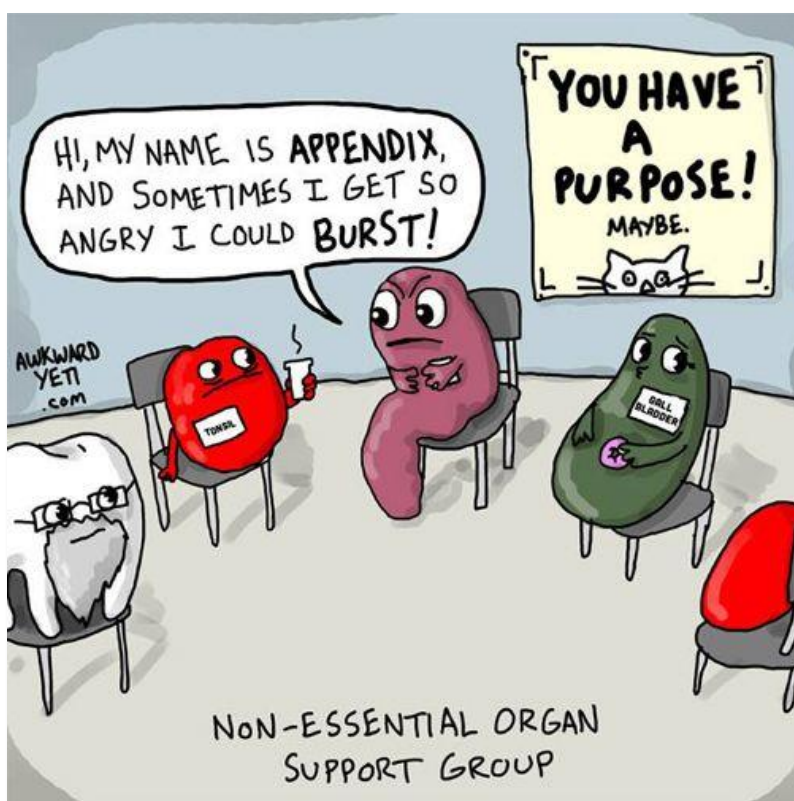

- A:** Constricts the flow of blood to the epidermis.
- B:** Causes the hair follicle to stand erect (goose pimples).
- C:** Pumps sebum to the surface of the skin.

**See answer on following page*

Student Success Center Summer Schedule Summer 2022

Subject/ Campus	Math	Writing	Biology	Psychology	Chemistry Physics	Business Technology COMP 1000	Library

Anatomy & Physiology Fun – Answer

B: Causes the hair follicle to stand erect (goose pimples).

Math Boot Camp

Math 0911B summer boot camp was a great success! The students who attended are off to a running start in their college algebra classes this summer.

There will be another Math Boot Camp in the fall, and it will be open to all college algebra students that want a review in basic algebra material before classes begin.

Watch out for upcoming information about Math Boot Camp for Fall Semester!
